

I am requesting that K-LOVE radion station not be forced off the air by LPFM. K-LOVE provides encouragement and hope to myaelf and to others on a daily basis. I believe that everyone needs this type of positive, encouraging message on a daily basis. I want a station that allows me to hear Christian music, and I want to be able to find it every time I turn on my radio, just as I could find a rock station or a talk radio station if I so desired. Thank you, Jocelyn weber
